- Surround: 7.7 cm Cone, 1-Way, Closed-Box Bookshelf Type (150 W)
- Subwoofer: 16 cm Cone, Bass-Reflex Type (100 W)

**SPECIFICATIONS**
- Power Requirements: AC 220-240 V, 50/60 Hz
- Power Consumption/Standby: 190 W/0.45 W
- Dimensions (W x H x D)/Weight: 435 x 168 x 320.5 mm/7.7 kg
- Front Speaker: 106 x 116 x 106 mm/0.6 kg
- Centre Speaker: 270 x 100 x 106 mm/0.8 kg
- Surround Speaker: 106 x 116 x 106 mm/0.6 kg
- Subwoofer: 285 x 318.5 x 300 mm/4.0 kg
See More Detail with 4K/60p Pass-through
The feature lets you take advantage of the highest-quality video source, by passing through 4K/60p /4:4:4 signals for viewing on a compatible display. The HTP-074 supports HDCP 2.2, so by connecting to a compatible device, you can enjoy premium content such as 4K videos with digital copy protection.

Next Generation Video Standard Ready
The HTP-074 is ready for the next generation video standard HDR (High Dynamic Range), which was adopted by Ultra HD Blu-ray™. HDR is a technology that drastically expands the brightness peak, providing a higher contrast between light and dark images, which creates even more life-like pictures.

Hear Every Detail with Dolby TrueHD/DTS-HD Master Audio
The HTP-074 supports Dolby TrueHD and DTS-HD Master Audio surround soundtracks, letting you experience the world of true high-definition entertainment from Blu-ray Discs. The lossless codecs are bit-for-bit identical to the studio master.

Enjoy Quality Sound from Compressed Audio
The Advanced Sound Retriever restores the output of compressed audio such as WMA, AAC, and MP3, to the level of CD sound. The technology creates new signals to restore the minor details left out during the compression process.

Built-in Bluetooth® Wireless Technology
With the built-in Bluetooth® Wireless Technology (ver. 3.0), you can easily stream songs from compatible devices. The HTP-074 features A2DP profile, with support for SBC and AAC codecs.

Front USB Input
The front panel USB input terminal allows straightforward connection to a USB memory stick. This plug and play connectivity enables you to easily play WMA/AAC/MP3 music files.
